

ERO Working Group

Continuing Medical Education in Dentistry

Prof.Dr.Hande Sar Sancaklı
Chair of WG

&

Prof.Dr.Taner Yücel
Supervisor of WG

ERO Plenary Session 2024
CYPRUS

Latest performed study of WG

- Enrolled a survey especially regarding students who will be the emerging group in following years requiring the continuing professional development

President
Deniz Naz Bilgiç

president@edsaweb.org

Responsible for the overall

General Secretary
Charlotte Carter

secretary@edsaweb.org

Ensures our regular meetings a

- On-line survey
- Disrubution among FDI-ERO member countries
- Collaborative work with the contribution of EDSA

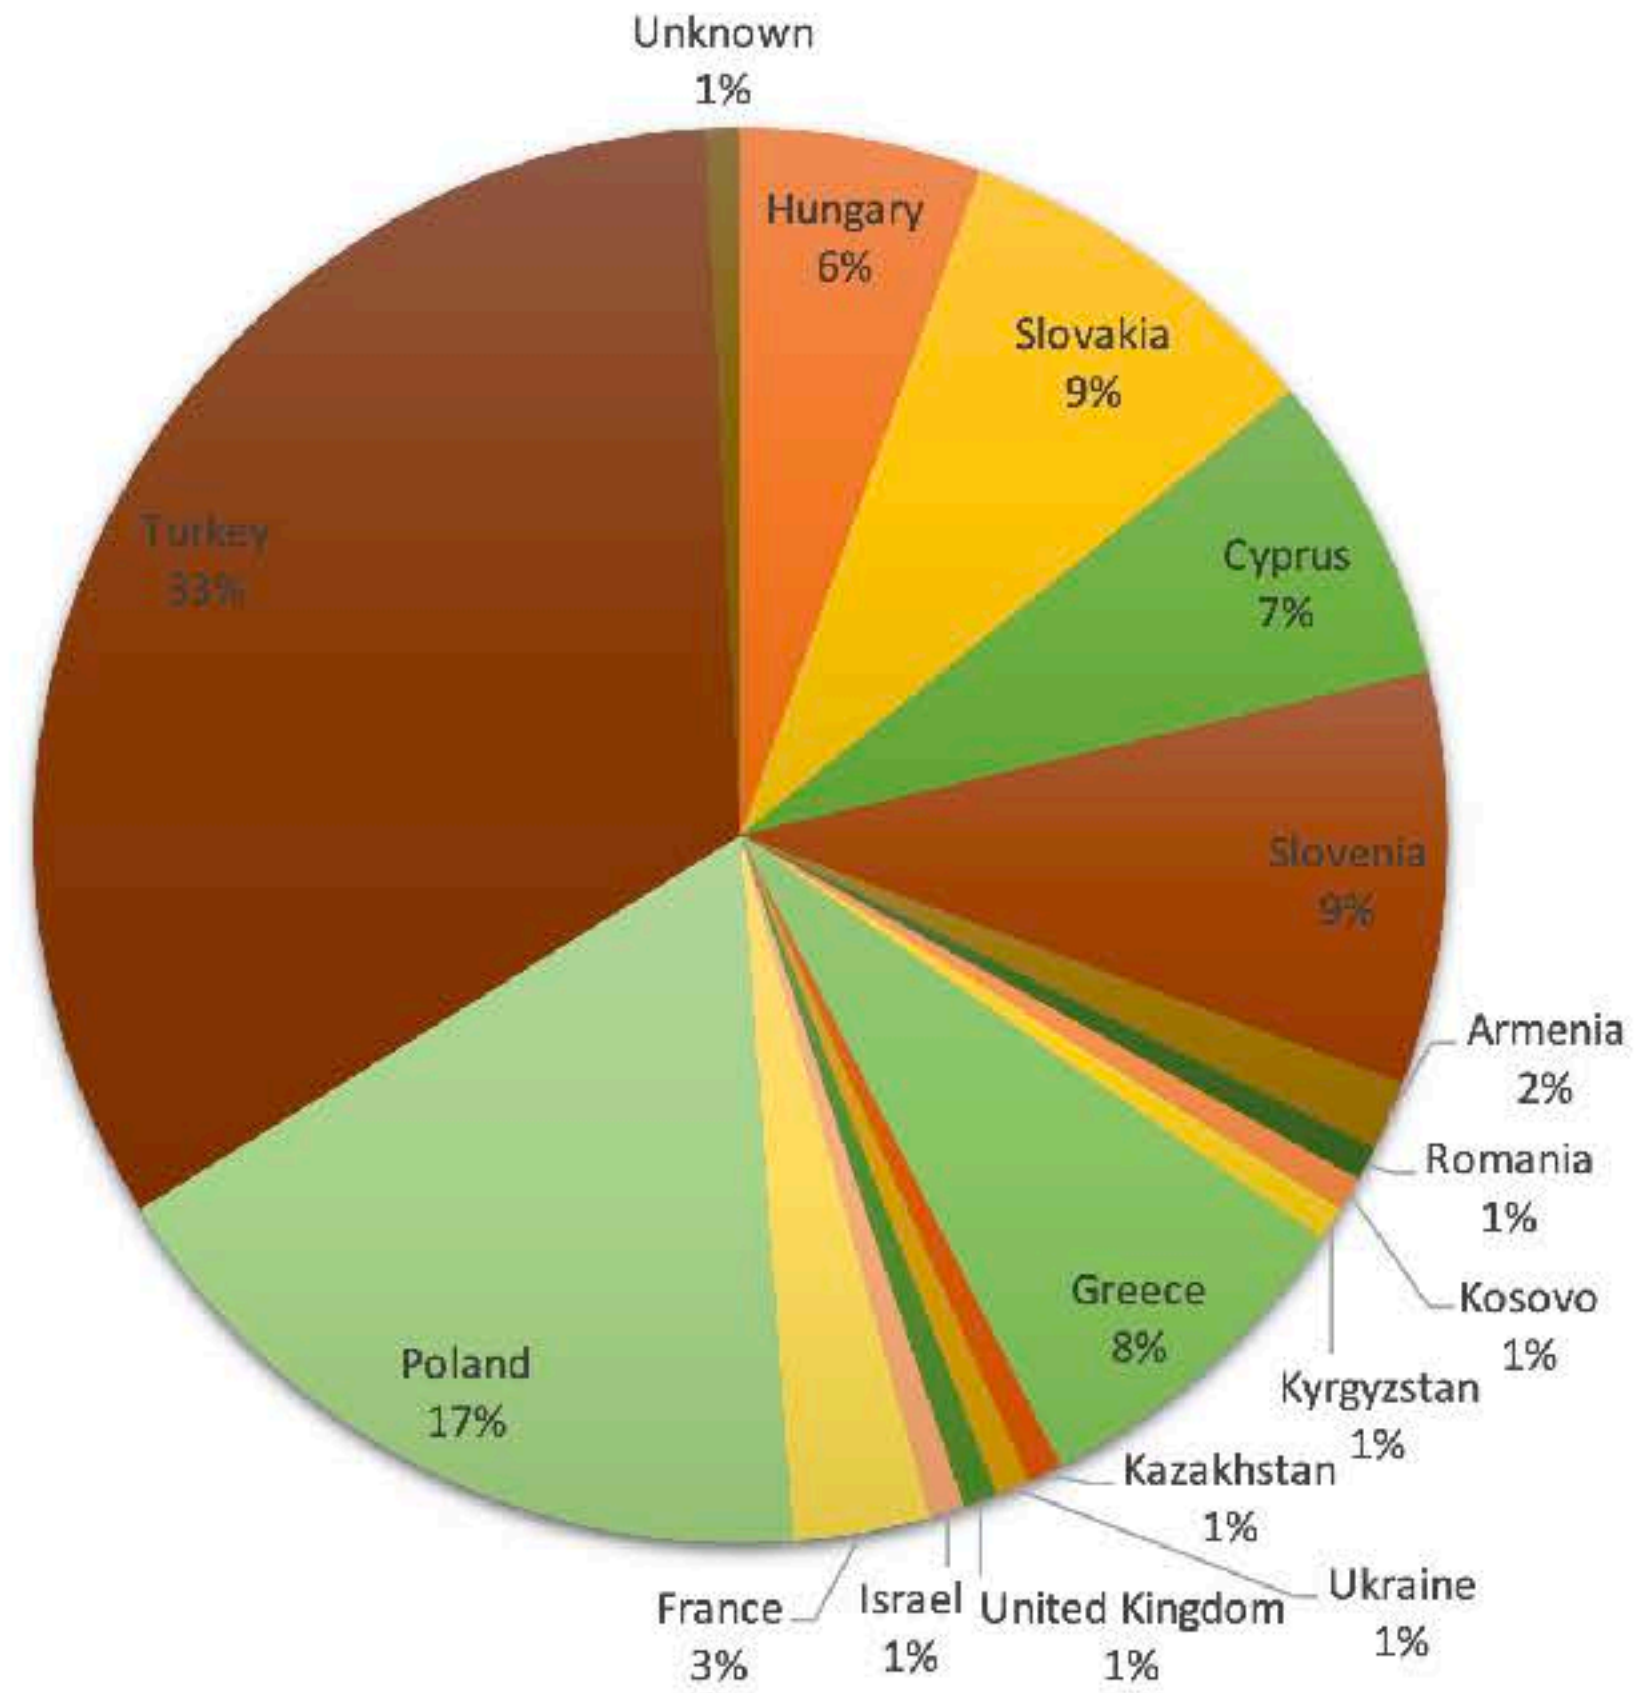

Latest performed study of WG

- Enrolled a survey especially regarding students who will be the emerging group in following years requiring the continuing professional development
- Determined a future-oriented pathway to be implicated and point-out the gap especially to be compensated through their medical-dental relation based education as well.
 - On-line survey- n>700
 - Disrubution among FDI-ERO member countries
 - Collaborative work with the contribution of EDSA

These data will be undoubted extremely promising to present within ERO Plenary Session but more would be a strong evidence as a resolution statement.

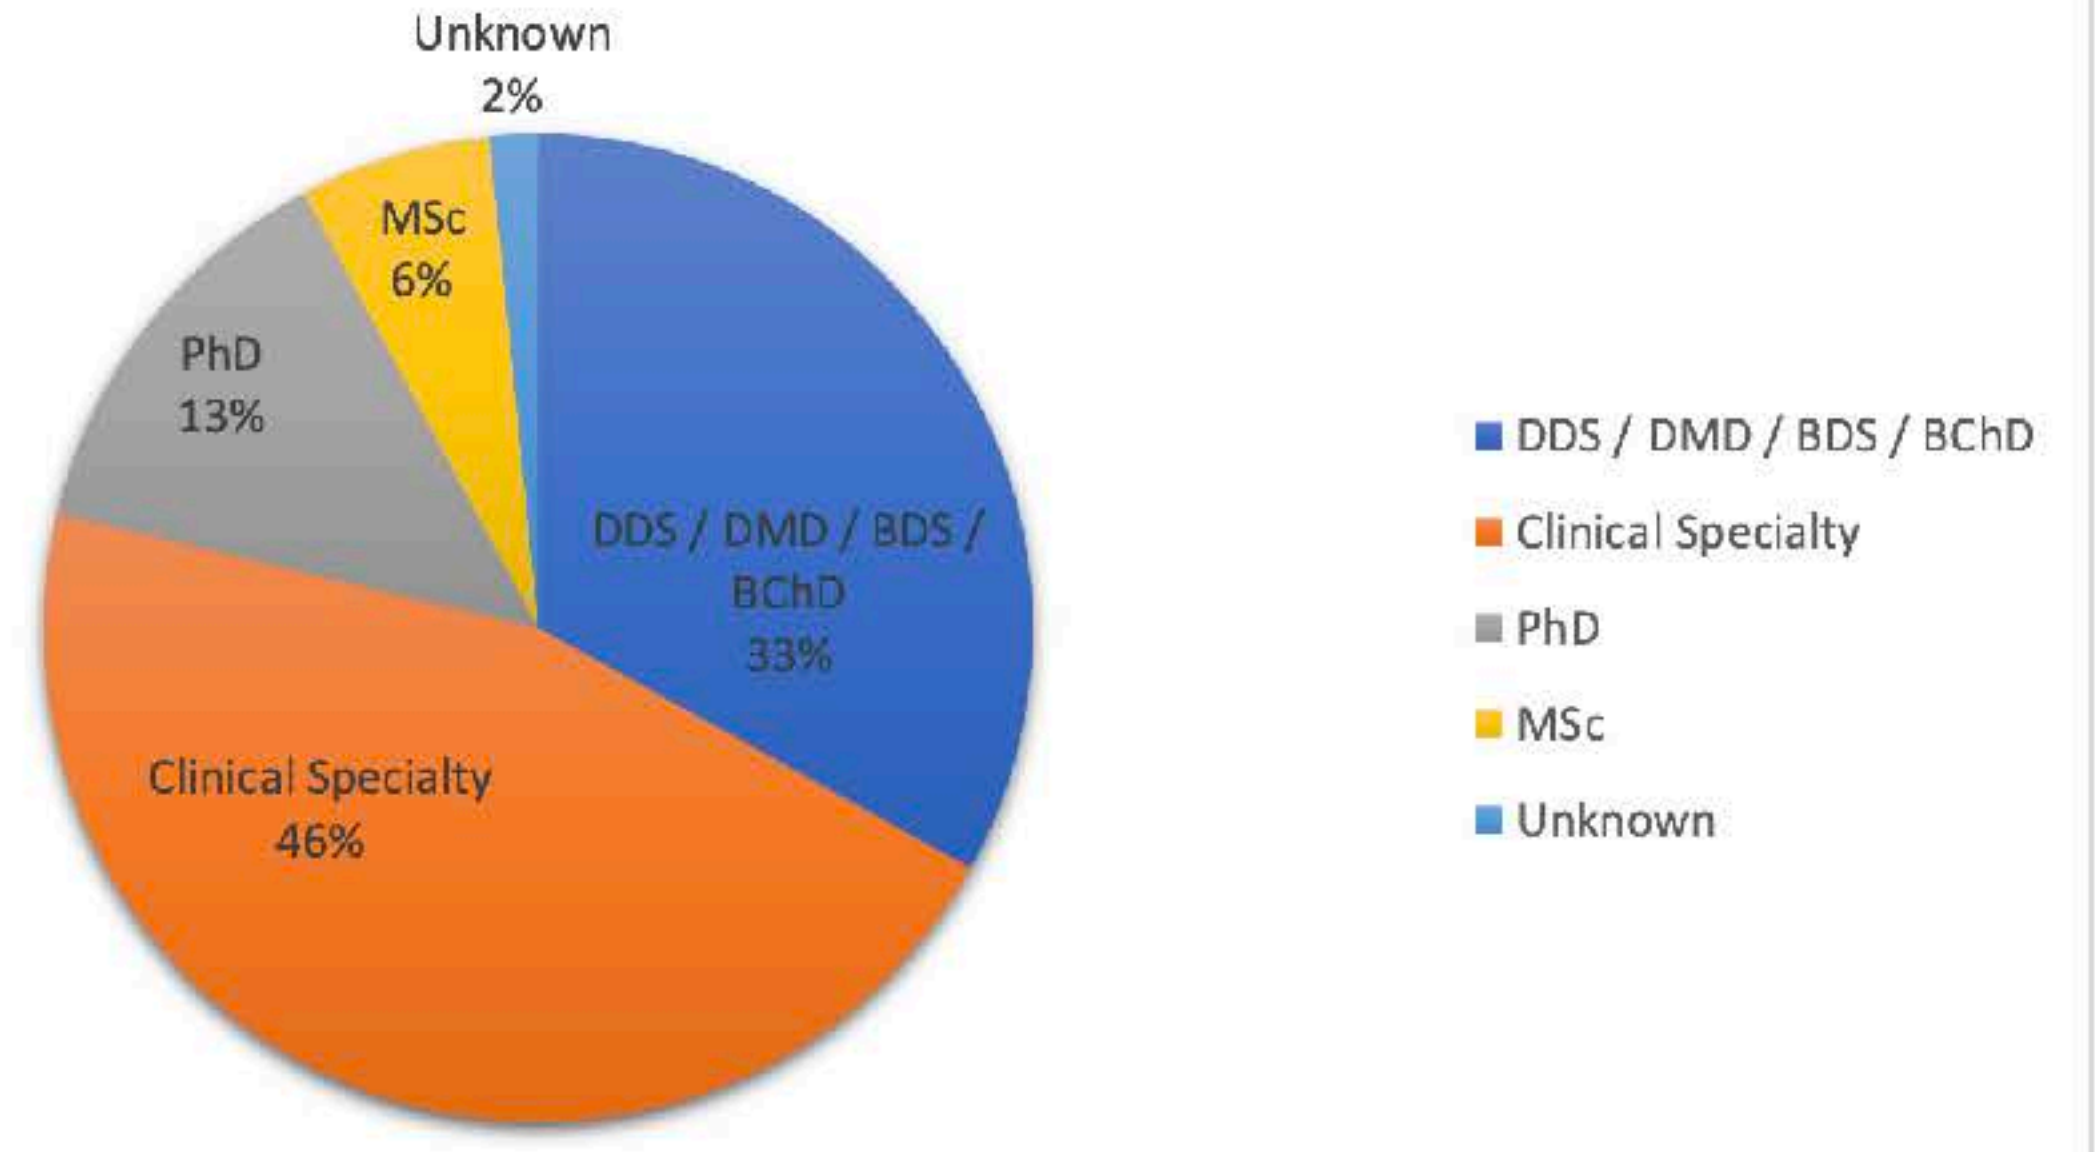

Country

- Hungary
- Slovakia
- Cyprus
- Slovenia
- Armenia
