

LETTER OF INTENT

Dear Colleagues,
Esteemed Delegates to the ERO General Assembly,

With all my passion for dentistry, my experience, and my knowledge of dental politics, I would very much like to put forward my candidacy as ERO Secretary General.

By training, I am an oral surgeon in a private dental practice near Frankfurt Germany. Since 2023 I am President of the Dental Chamber of Hesse and currently member of the German ERO and FDI delegation as well as member of the ERO Working Group Dental Team.

One of my primary goals during my mandate as Secretary General would be to reduce bureaucracy, which is often a significant barrier in our daily practices. Over the years, I have seen firsthand how excessive administrative burdens can hinder the quality of care we provide to our patients. Advocating for policies that reduce unnecessary complexity will be at the heart of my efforts.

Another key area I am deeply committed to is the ongoing improvement of quality in dentistry. For many years, I have been passionate about this issue, and I have worked in different ways in Germany to advance the quality of dental care. I believe that a high level of care should be the baseline, not the exception, and I would strive to ensure that quality remains a cornerstone of our profession.

Furthermore, I am eager to continue and strengthen our cooperation with other dental associations across Europe. Collaboration among different countries is crucial for sharing best practices, tackling common challenges, and advocating for the interests of the dental profession on a larger scale.

I am deeply motivated to take on this responsibility and would consider it a great honor to serve as Secretary General. I am confident that my experience, dedication, and vision for the future of our profession will enable me to make a positive contribution to the future of ERO.

Finally, I am committed to ensuring that the ERO brings added value to each individual dentist across all the countries ERO represent. I look very much forward to the opportunity for a mutual exchange, and I am always available to discuss questions you might have.

Thank you for considering my application.

Yours sincerely,
