|

Trends and developments:

in professional politics

the IDA advocates for the use of fillers in dentistry as means to expand the scope and boundaries of the profession.

in health and social politics

Israel has been in war for over a year and a half. The IDA provides support to dentists, evacuees, patients, and closed clinics.

Information regarding promotion of the World Oral Health Day:

The IDA has launched an advertising campaign offering free check-ups at IDA members clinics to mark World Oral Health Day.

3 points you would like to discuss:

Collaboration in the digital age between dentist laboratory and technician.

Shortage of paramedical workforce.

Advancing aesthetics and laser treatments within the profession and expanding its boundaries.
