of dentistry**

- working meetings
- exchange of best practices
- development of solutions for further development of the industry

2-3  Zheltoksan Street 181, Almaty city
MAY

Hotel: InterContinental Almaty

Welcome to Kazakhstan!

Kazakhstan is a state in Central Asia, the 9th largest country in the world in terms of area, with more than 20 million people, more than 130 different nationalities, different confessions and religions, united in the Assembly of Peoples of Kazakhstan.

The capital of Kazakhstan is the Astana city - a young, actively developing metropolis with futuristic architecture, with political, cultural, economic importance for Kazakhstan

This ERO FDI Plenary Session is taking place in Almaty. It is the largest city of the country in terms of population (more than 2 million inhabitants), which has been the capital of Kazakhstan for almost 70 years. Today Almaty has the status of a city of republican importance because of the intensity of economic, social and cultural life. Almaty is truly the pearl of our country, surrounded by the mountains of the majestic Zailiyskiy Alatau. Almaty has a rich history. The first mention of the city dates back to an ancient settlement in the 14th century.

Dentistry in Kazakhstan

Dentistry in Kazakhstan is one of the most active and dynamically developing branches of medicine. We are proud of our colleagues working in dental clinics equipped with the latest technology.

Digital dentistry, artificial intelligence, advanced technologies recognized in the leading countries of the world are actively implemented in these clinics.

Modern dentistry of Kazakhstan today is represented by

- 3,688 dentists - specialists with higher medical education,
- 9,998 dental assistants (specialists with secondary technical medical education).
- 88% of dental care is provided in non-state owned.
- The state sector in dentistry is represented by 9 independent state dental organizations, as well as more than 700 state dental offices and departments as part of multidisciplinary medical organizations in cities and villages.

The Ministry of Health of the Republic of Kazakhstan carries out effective work to improve the health of the population of Kazakhstan as a whole, including dental health.

Thus, according to the Decree of the RK, dental care is provided free of charge to children under 18 years of age, pregnant women.

Also, free dental care is provided on indications to patients requiring urgent dental care: these are persons with disabilities, recipients of targeted social assistance, old age pensioners, patients with infectious and socially significant diseases, non-working persons caring for a disabled child, mothers of many children.

A few words about dental morbidity

- Caries prevalence among 6-year-old children is 86%,
- among 12-year-old children it is 75%,
- among 15-year-old children it is 87%.
- Caries intensity varies from 3.7 to 5.5.
- Caries prevalence among urban and rural adults is 83% and 76% respectively.

Development of dental Associations in Kazakhstan

The dental community is represented by the National Committee of Kazakhstan Dentistry, which consists of two associations:

- Kazakhstan Stomatological Association and
- United Kazakhstan Association of Dentists.

In order to improve the quality of dental care, solve key problems of the industry, protect the rights of dentists and patients in the Republic of Kazakhstan in 2024, the terms of the memorandum agreement have been changed with the designation of new priorities of cooperation of the National Committee of Kazakhstan Dentistry.

- Dana Ospanova was elected as the Chairman of the Board of NCKD in 2024.
- Yesembaeva Saule was elected as Deputy Chairman of the Board

Dana Ospanova -Chairman of the Board of NCKD

Candidate of Medical Sciences, MBA , dentist of the highest category -
director of dental clinics Versailles, Dental City, Daris-tte
(Almaty,Astana) - Lecturer at the Medical University of Astana and
Kazakh National University

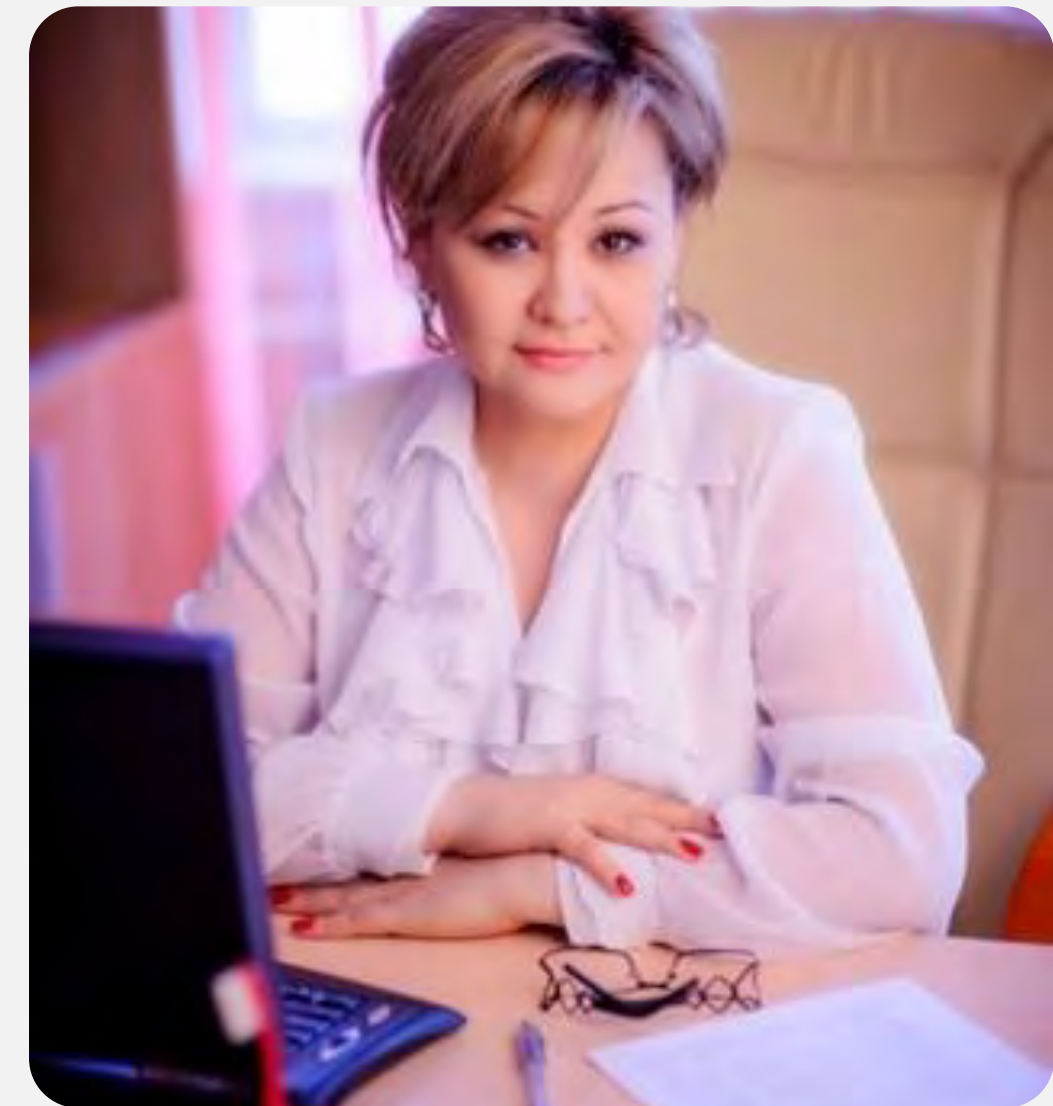

Kazakhstan Stomatological Association (KSA) was organized in 1991

The first President of the KSA is Prof. Temirbaev Maksut Abuovich. KSA applied to FDI in 1996 to become a member of FDI and ERO FDI. KSA has its branches in all regions of Kazakhstan

The United Kazakhstan Association of Dentists

The United Kazakhstan Association of Dentists (“UKAD”) is a large professional community of dentists, organized in 2013, which also has its branches in all regions of Kazakhstan.

The current President of UKAD is Dr. Yesembaeva Saule Doctor of Medical Sciences, Professor, Chief non-staff dentist of the Ministry of Health of the Republic of Kazakhstan.

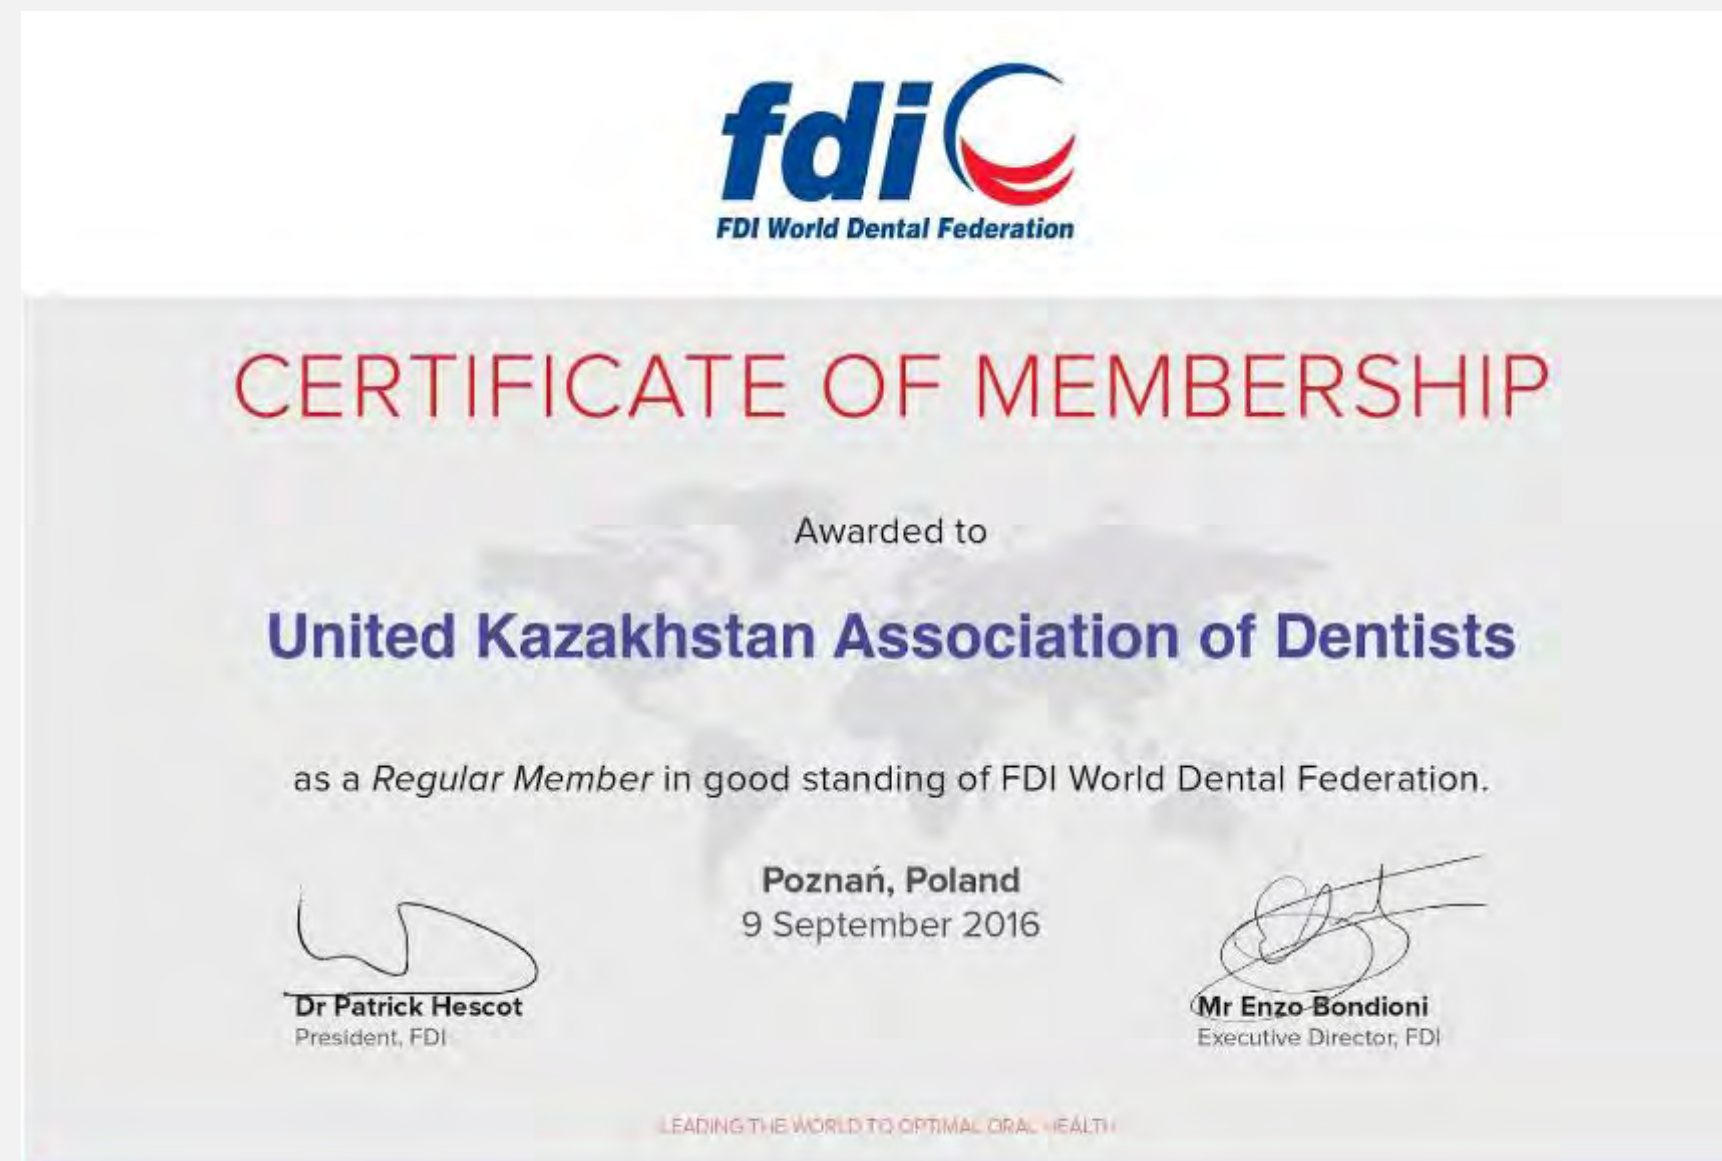

Yesembaeva Saule

Doctor of Medical Sciences, Professor,
Chief non-staff dentist of the Ministry of Health of the Republic of
Kazakhstan. Dean of the Dental faculty of the Kazakh National
University named after S.D. Asfendiyarov

Development of dental Associations in Kazakhstan

Joint activities between the two associations began in 2016 when a memorandum was signed between KSA and UKAD to establish the National Committee of Kazakhstan Dentistry, after which UKAD also became a member of FDI and ERO FDI.

Mission: To promote the development of dentistry with the aim of preserving and improving the oral health of the population of the Republic of Kazakhstan using effective solutions.

Goals and principals

КСБА
UKAD
EKAC

- Uniting specialists working in the field of dentistry for the purpose of professional integrity.
- Legal and legislative protection of interests of all specialists of dentistry.
- Creation of the unified register of dentists of the Republic of Kazakhstan.

- Oral health activities on March 20, for World Oral Health Day
- Charitable activities to provide free dental care to sick children, disabled people, low-income groups, etc.
- Annual participation in the FDI General Assembly and ERO FDI Plenary Sessions

DAS.KZ

WE ARE THE DENTAL FUTURE

The NCKD actively supports students and young dentists through cooperation with the Dental Association of Students of Kazakhstan.

Dear Colleagues!

Let me welcome you once again to Kazakhstan and invite you to the Gala Dinner, which will be held tonight at 7:00 pm in the House of Receptions - this hall has a rich history and is designed for celebrations that require a special level of comfort and service. The well-known vocal ensemble Mezzo will also perform for you today

We would also like to draw your attention to the fact that on May 3, after the closing of the Plenary Session there will be a sightseeing tour "Beautiful mountain vicinities". This tour gives you the best opportunity to see the beautiful mountainous surroundings of Almaty. The first stop of the tour is waiting for you in Medeu Gorge, where the largest high-mountain skating rink in the world is located. The next destination is Shymbulak ski resort, located at an altitude of 2230 meters above sea level. It is very popular due to its mild climate, a large number of sunny days, snow in winter and wonderful scenery of mountain ranges.

3rd of May

Then you will visit the
Park of 28 Panfilov Guardsmen and
the Ascension Cathedral.

Dear Colleagues!

We are proud that the European Regional Organization for the first time chose Kazakhstan as the venue of the Plenary Session. It is a great honor for the Dental Society of Kazakhstan represented by the NCKD to be the organizer of this year's ERO Plenary Session in Almaty. We wish you fruitful work and a successful Plenary Session 2025!
Thank you for your attention!
