New project for Dental Team WG

Doris Seiz

Maria Laura Bondi

Philippe Decroock

Oleg Gladkov

Doniphan Hammer

Enrico Lai

Paula Perlea

Bernat Rotenberg

Marijan Denkovski

Aim of the study

- Bureaucracy is one of the reasons why young people are more likely to be employees than entrepreneurs
- Bureaucracy is the reason why fewer and fewer clinical hours are left to treat patients
- A pan-European study on the volume of indiscriminate bureaucracy gives member organizations a good tool for argumentation

What have we done

- In-person meeting in Shanghai, FDI 2025
- 2 online meetings via Teams

Structure of questionnaire

- 33 + 16 questions
 - Jotform
 - “Continue later” option
-
1. General questions
 2. Sterilization
 3. Water supply and compressed air technical equipment
 4. Radiology
 5. Mandatory positions and human resources

Some highlights

ORIENTATION

☰ ☰

9. How must thermal disinfectors be checked? *

- Upon purchase and commissioning by dental company
- Recording and checking of each cycle by practice staff
- Regular maintenance by a specialist company after a certain period of time or number of batches
- Regular validation by an external validation company

10. How must autoclaves be checked? *

- Upon purchase and installation by a dental company
- Recording and checking of each batch by practice staff

 [Create your own Jotform](#)

32. Is a visit to an occupational health doctor mandatory for employees? *

- YES
- NO

Continue later

Submit

1. Is excessive bureaucracy a topic that you often receive as a feedback from your members? (1 - NOT AT ALL, 10 - DAILY) *

2. Has your dental organization been actively involved in reducing bureaucracy? *

- YES
- NO

3. Has your dental organization been actively involved in helping members with bureaucracy and documentation obligations (sample documents, pre-filled forms)? *

~

Roadmap

- Sending out the questionnaire - week #19
- Preliminary results - Prague, autumn 2026
- Final report - spring 2027

Thank you!
