New President Elect of KSA became Dr. Aslan T. Zhangereyev  
New Executive Director of KSA became Dr. Galym Zh. Pernebayev.
  
- II. Trends and developments:
  - 1) In professional politics. Professional politics of KSA is directed to increase the level of Dentistry, to strive to international dental standards and improve the oral health in Kazakhstan population. That is why KSA organizes many dental seminars, trainings, conferences, exhibitions.
  - 2) In health politics. The number of private dental clinics prevails over public clinics. The privatization of many public dental clinics is planned in our country
  - 3) In educational politics. The new generation of Kazakhstan lecturers from medical practitioners, masters, PhD doctors appears and their number is increasing every year. Department of Health set up at the University of MBA (Master Business Administration). Many Masters of Dentistry search the foreign scientific supervisor from other countries for their PhD research.
  - 4) In the insurance system (incl. the public health insurance and private insurance schemes). In 2017 compulsory health insurance system will be introduced in Kazakhstan Health Care. Dentistry also will be involved in compulsory health insurance system in both public and private dental clinics. Guaranteed volume of free medical care is not included in the compulsory health insurance

system. Guaranteed volume of free medical care includes first aid, sanitary aviation, emergency surgery.
