## Israel Israel Dental Association 2021

### Changes:

No changes

### Trends & Developments:

Following the intervention of the IDA, the Government re-approved free dental care treatments for children up to the age of 18 who suffered from tooth and jaw trauma.

The IDA worked closely with the Ministry of Health to vaccinate dentists and dental staff resulting in zero infections during treatments.

In Educational trends, the IDA continues to encourage the increase of students' application to Dental Faculties.

Free weekly webinars are scheduled for our members.

Dental Clinics continue to offer free dental care for asylum and Holocaust Survivors.

### Changes in fees:

No changes

### Information regarding promotion of World Oral Health Day:

The Oral Health Day will be promoted in all of the Israel Dental Association media/publications as well as in the FB. Webinars are scheduled to emphasize dental care prevention.

### Further information:

Dozens of private Dental Clinics continue to volunteer and provide **free dental treatment for the Holocaust Survivors**.

The Continuous Education Program to "Up to Date Dentist" is continuing to expand successfully.

The 2021 National Scientific Meeting of the Israel Dental Association was held on December 1-3, 2021, with over 1500 participants.
