Dear Mr. President, Dear Michael,

Undersigned, Professor Katalin Nagy, President of the Hungarian Dental Association, I intend to express my willingness to work with ERO in a stronger tie.

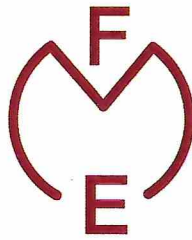

In the last years, we have been working together in FDI and also CED, which might enable you to learn about my working ability and professional view.

In case the board agrees after carefully studying my CV and former activities, I would be more than happy to apply for a board membership at this coming election.

Wishing you all good health, peace and looking forward to see you all soon,

Katalin Nagy

Dr. Michael Frank,
ERO President

Muenzgraben 2, PO Box
CH-3001 Bern / Switzerland

Dear Mr. Frank,

It is with pleasure and an honour to write this letter of support for Professor Katalin Nagy, president of Hungarian Dental Association to be the member of the European Regional Organization's Board.

As the member of Hungarian Dental Association's Board and Chief Dental Officer, I have the privilege to work directly with Professor Nagy in number of activities, so I can confidently conclude that Professor Nagy is an exceptional and active president of our Association. She has proven her outstandingly high level of leadership ability as the previous dean of the Faculty of Dentistry at the University of Szeged and also as the present president of HDA. The fact that her professional knowledge is nationally and also internationally acclaimed is proved by that she has been asked to be the advisor of the Ministry of Human Capacities and the international advisor of Hungarian Rectors' Conference and she is also the member of several professional organizations as it is mentioned below.

In her CV it can be seen that she does not only have a really strong professional ties with several different Hungarian dental associations and societies but she is also the member of numerous international ones, for example CED and FDI. There are a lot of parts of the world where she has close professional ties thanks to her international lecturing and teaching. She has also been the member of other national organizations such as Hungarian National Examination Board and the Professional Association of Dental and Oral Diseases.

To summarize, based on Professor Nagy's well-known professional background, I strongly support her nomination as the member of the European Regional Organization's Board.

In case I can be of assistance in any further questions, please feel free to contact me.

Yours sincerely,

Prof. Dr. Péter Kivovics
Board member of HAD
