Basic in FRENCH

LETTER OF INTENT

Nominee Prof. Dr. Paula Perlea

For the Position of Councilor / Board Member

My candidacy for the position of Councilor / Board Member in the European Regional Organization of the World Dental Federation is based on a 29-years teaching career that began in 1993, doubled by an 4 years activity as the Dean of the Faculty of Dental Medicine "Carol Davila" Bucharest, the most prestigious university of its kind in Romania, with a history of more than 160 years, and most importantly, due to the position as President of the Romanian Society of Stomatology, Executive Vice-President of the Romanian Medical Association and the experience as the President of the Romanian Association of Endodontology.

Having graduated from a German language teaching high school has developed my communication skills in foreign languages (English, German and French), which later on allowed me to graduate with a PhD from the University of Heidelberg and a specialization in endodontics in Cleveland at Case Western Reserve University. My publishing activity has been running since 1994 and includes more than 157 articles, 3 books as main author and 2 books as co-author and I received 21 awards and recognition diplomas since 1996.

As president of the Romanian Society of Stomatology and also as an Executive Vice-President of the Romanian Medical Association, I am directly involved in the work of promoting and implementing health policies, representing Romania at the level of international organizations, such as ERO/FDI, Association for Dental Education in Europe, Balcanic Association of Stomatology.

As a dean I had to manage a faculty with nearly 2000 students and 300 teaching staff, holding more than 120 conferences/oral presentations and organizing 30 congresses, experience which enabled me to develop communication skills both on the institutional and inter-human segment, which in my opinion is one of the best recommendations for my candidacy to the Board of ERO.

As a member of the Membership Liaison and Support Committee of the FDI, since 2019, I had the opportunity to enhance my experience of working within national and international dental organizations. Since I was elected in the MLSC, I was proposing a closer connection to the National Liaison Officers of FDI. I couldn't yet introduce a Web-Forum for NLOs, but a special dedicated webpage has been created for the NLOs, which contains the resources and documents relevant to the NLO's duties, regularly updated.

I was involved in ERO since I became President of the Romanian Society of Stomatology. It was an honor to be elected by the ERO General Assembly to organize the 2021 Plenary Session in Bucharest. The Romanian Society of Stomatology regained its significant position among the dental organizations of the ERO/FDI, more than 50 years after organizing the 1970 World Congress of the FDI in Bucharest. I am humbled by the trust that you have placed in me and I can assure you that I will do everything in my power to have a fruitful event at the end of April. I would also like to appreciate the work done in the Dental Team workgroup and the commitment of our Chairman who organized the first face-to-face meeting in Paris, after the very long Covid pandemic crisis. Also I would like to mention my involvement in the Continuing Medical Education in Dentistry workgroup and the education survey project in collaboration with the Chair and the colleagues.

ERO is an outstanding organization with valuable members, remarkable delegates and alternates representing their National Dental Associations. I am fully committed to contribute to the continuous development of the European dental community towards the future, being part of the ERO Board. I humbly request you to give me this opportunity to serve the ERO post-pandemic effective interventions by influencing public policies and promoting the best oral health to the patients.

Thanking You!

Prof. Dr. Paula Perlea

President of the Romanian Society of Stomatology

ROMANIAN SOCIETY OF STOMATOLOGY

- Founded 1923 -

10, Ionel Perlea street
1st District, RO-010209
Bucharest, ROMANIA
Tel: +4 0213 141 062
Fax: +4 0213 121 357

Dear ERO-FDI Delegates and Attendees

I am pleased to inform you that the Romanian Society of Stomatology is proud to nominate its President Prof. Dr. Paula Perlea for the position of Councilor / Board Member at the ERO-FDI 2022 elections.

I know Prof. Dr. Paula Perlea for more than 30 years. She was my best student, being one of the very few who graduated the University with the highest mark – 10, as a valedictorian. She has a 29 years long career in the University, from Assistant Professor, to Associated Professor and Full Professor. She was also the Dean of the Dental School in the most prestigious Medical University of Romania. She has always been exceptional in her work and contributed significantly in all her responsibilities and roles played in the various positions, past and present.

I invited Prof. Dr. Paula Perlea to join the Romanian Society of Stomatology during my Presidency term. I recognized the potential of development and improvement of our activities and international presence. I am proud to see now that the Romanian Society of Stomatology is again a visible presence in the World Dental Community, as it used to be until 50 years ago. I remember with great pleasure when we organized the FDI World Congress in Bucharest, in 1970 and some important policies were validated at that time, like the teeth numbering system.

I know that Prof. Dr. Paula Perlea is having many activities in Romania, both in Dental profession and also in the public health sector. She was recently elected Executive Vice-President of the Romanian Medical Association (AMR), founded in 1857, where the Romanian Society of Stomatology is member since 1923. AMR is the most important association in the health sector, internationally recognized.

I also know that she is extremely committed to the activity of the FDI and ERO. She is an active member of the Membership, Liaison and Support Committee of FDI and also member of the Working Groups of ERO: Dental Team and Continuing Medical Education. She was also involved in organizing the celebration of the WOHD in each March.

With her proven outstanding track record and having vast experience I hope you will support and entrust her with your vote in this elections.

Best regards,

Prof. Dr. Emilian HUTU

Past President

Bucharest, March 14th, 2022
