This tour includes visiting two castles in one day (Bran Dracula Castle and the Peles King Castle) for 90 euro / person.

One day trip to the castles is the most popular day trip from Bucharest. The excursion starts early morning with pick up from your hotel followed by a drive to Sinaia of about 2 hours (depending on the traffic). Sinaia is known as the "pearl of the Carpathian Mountains" due to being the first ski resort, but also the place where King Carol I picked to build his

fairytale castle. The town was founded with the building of the Sinaia monastery by Mihail Cantacuzino at the end of the 17th century. In the autumn of 1873, Prince Carol of Hohenzollern Sigmaringen, who had ascended to the Romanian throne in 1866, started building his new residence - Peles Castle – there. You will stop for the visit of the Peles Castle - the summer residence of Romanian royalty, built during the rule of Carol I (1866-1914), followed by the visit of the Sinaia Monastery and a coffee break in a nice view point. After the visits, the trip continues with a one hour drive to Bran. On the way you will be able to see beautiful views of the Carpathian Mountains from the resorts of Azuga, Busteni, Paraul Rece, Rasnov. In Bran you will have the visit one of the world's most famous castles, being also a museum dedicated to Queen Marie of Romania.
