Number : E-32051835-010-2023-00-1198  
Subject : ERO National Reports for 2022

28/02/2023

**Dear President,**  
**Dear Members of ERO Board**

As you already know, enormously violent earthquakes have occurred in our country.

In our ten provinces with more than 50.000 casualties, over 21.000 wounded people, and unidentified missing adults and children, healthcare services have stopped; our colleagues whose houses and offices have been torn down by the earthquake have lost all their savings within minutes and suffered tremendously.

Due to we are working intensively to provide support intended for dental health services through our volunteer colleagues' helps, the containers, and the mobile vehicles; we are upset to inform you that we will delay ERO National Report belongs to 2022.

We are looking forward to completing the document mentioned above in March 2023.

We give our regards with the trust that you will understand our excuse.

**Best Regards,**

**A. Tarık İşmen**  
**Turkish Dental Association**  
**President**
