

# Working group “Integration”

Prof. Dr. Vladimer Margvelashvili  
*Madrid, August 30, 2017*

[www.erodental.org](http://www.erodental.org)

# INTEGRATION

The combining of two or more things so that they work together effectively

The act of combining into an integral whole

**When people become part of a group or society and are accepted by them**

**The process of getting people of different races to live and work together instead of separately**

**LANGUAGE**

**LEGISLATION**

**One of the major mission of FDI is integrate the latest achievements of dentistry and our rich experience throughout the world scope.**

**Such integration takes key part in implementation of our mission.**

# INTEGRATION

- Dental team
- Quality in dentistry
- Relationship between dental practitioners and universities
- Continuing medical education in dentistry

**Bring together the national and international leaders of the worldwide dental profession.**

**Represent the world-wide profession of dentistry in relation to international, intergovernmental, governmental, voluntary and other organizations.**

**Develop collaboration with Member Associations, inter-governmental, governmental and voluntary organizations involved in the promotion of general and oral health.**

**Promote the delivery of best possible oral health care.**

**Promote the highest possible standard of undergraduate, postgraduate and continuing education worldwide.**

# **Evolution of the Continuing Education Programs in Europe**

**A report of the Education W.G. Plenary Prague April 2012 Mersel, A. Melo, P . and Jerolimov , V .**

**Some countries have a mandatory CEP requesting a certain level of credit points in order to be able to allow the renewal of the work permit; others have no system for re-licensing or CEP.**

There were big differences on the yearly requirements of the countries, **from 10 hours to 80 hours.**

Relationship between National Dental  
Associations (NDAs) and dental faculties  
within ERO

**Bringing NDAs & dental faculties  
together**

# "Clinical Guidelines and Implementation Into Daily Dental Practice"

Implementation of evidence-based dentistry into practice: Analysis of awareness, perceptions and attitudes of dentists in the World Dental Federation-European Regional Organization zone.
