Brainstorming on those Matters**

**WHAT ARE OUR PROFESSIONAL
NEEDS?**

DENTAL TEAM

EUROPE

It was clear that a European Qualification Body for different qualification stages up to 2012 is absolutely needed to facilitate the mobility of dental care professionals. (European Qualification Framework)

DENTAL TEAM

EUROPE

Target of this WG-meeting is to clearly define the position of Dental Auxiliaries in Europe in relation to the subjects and duration of their training (School and Practise), responsibilities, continuing education courses and employment/assignment in a Dental Practise.

DENTAL TEAM

Consideration 1

There is a consensus among us that a highly qualified member of the Dental Team is only allowed to work under supervision of a dentist.

(See CED resolution Delegation yes, substitution no, ERO Resolution on Dental Team of Singapore)

DENTAL TEAM
