

REPORT WG DENTAL TEAM Frankfurt Meeting

On 2 February, the Working Group Dental Team met at the "Landeszahnärztekammer Hessen" of the BDZ. The participation of the delegates of the European Dental Associations affiliated to the ERO (European Region FDI) was numerous.

The mandate to describe the profiles of the staff of the dental practice, which was agreed upon as optimal and accepted, was completed in 2017.

The 2018 meeting opened with a new major challenge requested by the Board and the Assembly of Madrid. ,as part of the Auxiliary staff, and in cooperation with it:

After a brain storming debate, the following conclusions will be presented to the Board and the Salzburg Assembly for final approval.

- The *WG Dental Team* will change its name to **Dental Team in Practice of 2030**.

What new challenges will our profession face? What does the new generation of dentists expect? What is the future dental

team? What new technologies will affect our practice? What about the risk assessment in our practice?

Chronologically, work priorities will be proposed concerning:

- 1. Management in the practice - Change in curricula of DT**
- 2. Qualification in Using of new technologies/ digital medias**
- 3. Harmonization among European countries DT profiles**
- 4. Optimizing in recruiting members of DT**
- 5. Quality of procedures in the in Dental Team**
- 6. Changing model of profession(s) – new models of practicing Dentistry in DT.**

To work on these topics , we will cooperate with all ERO working groups

Best

Edoardo
