September 2017

Dear Colleagues,

Just two weeks passed since we met in Madrid at the FDI World Dental Congress and World Dental Parliament. I am sure we still keep in our memories the numerous meetings we attended in Madrid.

Please find below a concise summary of some the recent ERO and FDI developments.

ERO Board met in Madrid on 29 August to discuss the current ERO issues and to make the final arrangements regarding the meetings of working groups and the Plenary session the following day.

ERO Working Groups met in the morning of 30 August (except the WG Quality which met on 25 August). Members of the WG Integration, in voting, nominated prof. V. Margvelashvili as WG Chair. Members of the WG Relation between dental practitioners and universities met with prof. C. Paganelli and other representatives of ADEE.

Subsequently, **ERO Plenary Session** took place on 30 August. The delegates endorsed the application for ERO membership from the Romanian Society of Stomatology; discussed the current state of activities of the Working Groups and their plans for the future. Dr. Oscar Castro Reino - President of the Spanish Dental Association, hosts of this year's FDI WDC addressed the delegates, recalling one of the former ERO Presidents, José Font Buxó from Spain.
