ERO NEWS 28

Dear ERO family,

many greetings to all of you! Thank you very much for your participation in the Plenary Session we held in Bucharest. My thanks go to the Romanian Society of Stomatology and especially to Prof. Paula Perlea for the great organisation of the event. Let me also express my appreciation for the work of the recent ERO President, Michael Frank, whom I sincerely thank for his leadership of our organisation during the difficult last years.

The ERO Board meets regularly online. On 19 and 20 May, I attended the CED Plenary Session in Porto. After this very effective meeting led by CED President Freddie Sloth-Lijsberg, we both agreed to continue and deepen the cooperation between the CED and ERO-FDI.

In early June, I was invited to the celebration of the 100th anniversary of the Estonian Dental Association at the University in Tartu. The President of the EDA, Piret Väli, and Prof. Mare Saag arranged a wonderful jubilee celebration, congratulations!

Later in June, I represented the ERO-FDI at the 11th Congress of the Italian Dental Association AIO in Sardinia. Enrico Lai and his colleagues did a tremendous job in organizing a great congress, this year together with the congress of Digital Dentistry. A couple of days packed with the latest knowledge in the beautiful surroundings of the Mediterranean island.

Some of the hot days in July were spent preparing for the upcoming ERO plenary session in Geneva, which will take place on Friday 23 September 2022 between 14:00-17:00.

I cordially invite you to participate.

On the morning of 23 September, the meetings of the working groups will take place. Our working groups have been "refreshed" and I wish the new members a good start and the existing WG members much enthusiasm.

Have a great summer holiday and I hope to see you soon in Geneva!

Simona Dianišková
