Cyprus	No	Romania	No
Czech rep.	No	Slovakia	No
France	No	Spain	No
Germany	Yes	Switzerland	Yes
Iceland	No	Sweden	No
Luxemburg	No	Turkey	No
		Uzbekistan	No

CONCLUSIONS

- ✘ The nature of dentistry requires live education, but because of demographic structure of work forces it is also necessary in the mandatory post graduate education to stimulate the use of new learning technologies.
- ✘ Long distance learning is efficient and cheap method of education and that is the first step in helping female dentists to bridge the gap between family needs and requests of professional life.
